- Access Control and Intercoms
- Automated Gates and Barriers
- Public Address
- Fire Safety
- Integrated Security Systems

### Keeping your staff, assets and premises safe

You depend on your fire alarm systems to detect smoke or fire and to provide the earliest possible warning of a risk to your staff and visitors. Therefore it is essential that your fire safety system is kept in optimum condition and regularly checked and maintained.

Whether your fire equipment was provided by us, or another supplier, ClearView's expert engineers are fully trained to maintain a wide range of fire alarm systems, ensuring they are always fully functional and compliant.

### Our fire alarm maintenance service package includes:

- Complete reliability as your fire systems will always work when you need them to
- Fully compliant - meeting your legal and insurance obligations
- Regular maintenance inspections, putting your mind at ease
- Free support advice line

### Full compliance with legislation and insurance requirements

We understand the importance of full compliance with health and safety regulations, which is why we put the needs of your company at the heart of our work from day one.

With a service and maintenance contract provided by ClearView, you will receive the highest standards of service, ensuring you meet all your legal and insurance obligations, giving you complete peace of mind.

Whatever fire detection system you have, we can maintain it, ensuring you comply with the 'Regulatory Reform (Fire Safety) Order 2005'

If you would like a free consultation on your fire safety requirements, please call 01245 214104 now or email [enquiries@clearview-communications.com](mailto:enquiries@clearview-communications.com)
