## Fire & Security Maintenance Plan

The best way to protect your staff and property is with the correct maintenance. Synergy keeps your fire and security systems working at all times, reducing costs and freeing up staff resources. You'll have peace of mind that your systems comply with all legal and insurance requirements.

With a Synergy total service plan, you can receive protection from our 24/7 control centre, 365 days a year.

Benefits include:

- ✓ Keeping your staff and property safe
- ✓ Ensuring your compliance with legislation
- ✓ Reduced engineer callouts
- ✓ Reduced support costs
- ✓ Increased system life span
- ✓ Industry leading turnaround times
- ✓ Support of all equipment, regardless of the manufacturer or original installer

This bespoke fire and security systems support package manages multiple elements at a fixed monthly price. Your security systems will be supported by a team of over 50 engineers to ensure improved uptime of your equipment and faster response times.

All your service and maintenance requirements will be taken care of, leaving you free to focus on your business. We can also provide a professional keyholding service, ensuring that you never get called out during the night again.
