QUALITY POLICY STATEMENT

ClearView Communications regards Quality Assurance as being of key importance in maintaining excellent relations with customers. We aim to deal positively with both internal and external stakeholders to provide the design, installation and maintenance services which fully satisfies our customer's requirements and our ongoing commitment to continuous improvement.

Quality Assurance will not be subjugated to other functions for the sake of expediency. We maintain and improve quality through the use of management reviews, non-conformance reporting, complaints analysis, internal and external audits, objective planning and customer feedback. This ensures our operating procedures are being monitored and validated to ensure the best possible product is being delivered to all customers.

We aim to meet our customer needs by fully understanding the scope of work, delivering to their expectations whilst complying with the requirements of current legislation and the requirements under NSI (National Security Inspectorate and BAFE, including SP101, SP203, BS 5306-3, BS5306-8 & BS 5306-9, BS5839-1 and any other relevant British Standards.

QUALITY POLICY

ClearView's responsibilities do not cease with the supply and installation of equipment to customers. ClearView places the monitoring, performance and maintenance of customers' systems to be of critical importance. We formalise this reputation through provision of a Quality Management System which is independently certified by NSI, a UKAS (United Kingdom Accreditation Service) certified organisation, to the requirements of BS EN ISO 9001:2015.

In addition, the company is committed to comply with SSQS 101 and FSQS 121 – The NSI quality schedule for the application of BS EN ISO 9001:2015 to the Nacoss Gold and NSI fire certification scheme.

We also confirm that we intend to meet all relevant industry Approved Codes of Practice, any relevant product standards and applicable legal requirements. These will be reviewed periodically to ensure compliance as part of our management review.

ClearView's management team are committed to the continuous improvement of the Quality Management System by establishing and reviewing quality objectives for all areas of the company. This is to ensure that the company operates effectively and efficiently and meets the needs of its clients.

CONTINUAL IMPROVEMENT

ClearView are committed to the ongoing improvement of our processes relating to the Quality Management System (ISO 9001:2015). The effectiveness of the Quality Management System is monitored by planned audits, management reviews and effective management of non-conformances. All personnel are made aware of the top leadership commitment to this policy, in particular, and quality in general, and are encouraged to demonstrate their own support to the system by continuous active participation.

Senior management are also committed to keeping up to date with the prime legislation that impinges on the company's areas of business. This includes technical, financial, legal and Health & Safety issues. Our commitment to every client is to provide a high level of service. We are confident that in doing so we can enhance the security of their sites, personnel and assets.
